Wipro

I am pursuing my Computer science engineering. I am very happy and blessed to be a student of New horizon college of engineering. I feel really lucky to have my placement interview done in France through Skype, where I had gone as an exchange student through our college. New horizon has given me great opportunity and has been very supportive in making me a better person.

Anuradha T
HM, Constructions

The college has one of the finest infrastructure and facilities. It also provides a lot of exposure for extracurricular activities. The training and assistance provided by the teachers of the civil dept. is unparalleled. The college provides good placement assistance to deserving candidates and I have been placed in one of the companies through campus recruitments.

Souvik Mondal
CSE, VMware

NHCE provided me a perfect launch pad to start my journey towards a successful career. The placement training courses organized by the Placement cell of NHCE helps one to find out the strengths and weakness at an early stage and are a boon during the campus interview process, where one can face them confidently.
