Report on “Web Design with Advanced JavaScript: jQuery, Bootstrap”
Workshop

Name of the Event: “Web Design with Advanced JavaScript: jQuery, Bootstrap”

Event Date: 11/01/2024

Speaker Details: Ms. Soumeli Dutta, Web Developer, Replicon.

Venue: CSE LAB3.

Audience: Interested 3th Semester Students of all five sections.

Gist of the Event:

The Department of Computer Science and Engineering in collaboration with the Computer Society of India and the Institution’s Innovation Council had organized a one-day workshop on "Web Design with Advanced JavaScript: jQuery, Bootstrap" on 11-01-2024. The workshop was attended by 43 students of 3rd semester B.E. It was an interactive session led by Ms. Soumeli Dutta, who commenced with an introduction to HTML, CSS, and JavaScript. She explained the current web design techniques, highlighting changes in forms, buttons, tables, navigation, modals, and images using Bootstrap. Bootstrap provides the capability to easily create responsive designs, ensuring that websites automatically adapt to look good on all devices, from small phones to large desktops. Bootstrap utilizes jQuery for JavaScript plugins such as modals and tooltips. To enhance interactivity, JavaScript and CSS are incorporated into the website.

The session included hands-on practice using basic HTML tags and CSS, along with the fundamental structure of a Bootstrap grid. The instructor demonstrated how to create three equal-width columns that start at tablets and scale to large desktops. Similarly, Bootstrap Progress Bars, Pagination, Navbar, etc., were covered. The session then progressed to jQuery. The purpose of jQuery is to simplify the use of JavaScript on websites. jQuery condenses common tasks that typically require multiple lines of JavaScript code into methods that can be executed with a single line of code. The significance of using jQuery across various web browsers was also explained.

Glimpses of the Event

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
One Day Workshop on "Web Design with Advanced JavaScript: jQuery,
Bootstrap" - 11th January 2024

VENUE: CSE LAB 3, TIMINGS: 10.00 AM to 4.00 PM

PARTICIPANTS LIST

S.NO	USN	NAME	SEM	SEC	FORENOON	AFTERNOON
1	1NH22CS012	AISHWARYA K N	3	A	<i>Aishwarya</i>	<i>Aishwarya</i>
