**Event Date:** 07.02.2024

**Jury Details:** Chaya P M Mr. Rajesh Kannan, Service Delivery Manager, Tata Consultancy Services Ltd.

**Venue:** HP Lab

**Audience:** Shortlisted 5<sup>th</sup> Semester Students.

#### **Gist of the Event:**

Dept of CSE, in association with Computer Society of India and Institution's Innovation Council, organized an one-day Mini Competition (07-02-24) for 5<sup>th</sup> semester students. The accomplishments of our 5<sup>th</sup>-semester students in the Mini Project competition of February 2024, under the jury of Chaya P M from Tata Consultancy Services Ltd, signify a remarkable advancement in our pursuit of excellence. With Chaya's extensive experience exceeding 12 years in enterprise and IT architecture, her leadership and dedication to social initiatives have profoundly enriched our academic community. In today's digital realm, coding plays a pivotal role in efficient problem-solving, with Java's adaptability and robust database infrastructure serving as a sturdy foundation for innovation. Out of the 25 initially shortlisted students, 17 presented their project and unwavering dedication by actively participating in the competition. We extend our heartfelt appreciation to Chaya P M for her invaluable expertise as a distinguished member of our esteemed jury, setting the stage for ongoing success and innovation. The exceptional achievements of the winners, ASHWINI K MANASHIVANAGI, ARITRA ACHARYA, and GAJULA SRINIVAS JATINKRISHNA, who secured the first, second, and third prizes respectively, not only establish a new standard but also underscore the importance of continuous innovation and commitment to excellence.
