

Name of the Event	ALUMNI TALK
Date	28th September 2026
Beneficiary	5 th semester students
Write Up	Department of CSE and alumni association organized "ALUMNI TALK" on 28th September 2026 from 11:40am to 12:40Pm. The invited alumni speaker Event was Ms. Geethanjali Marpu, working as Senior Data Scientist, Happiest Minds. Alumni highlighted the significance on the topic, From Data to Intelligence: The Rise of Generative and Agentic AI, The session highlighted the transformation of AI from traditional data-driven systems to Generative AI, which can create new content such as text, images, and code, and further towards Agentic AI, which can reason, plan, use tools, and perform tasks autonomously. The speaker shared practical insights into the applications and growing impact of Generative and Agentic AI across various industries. The session also emphasized the importance of developing technical skills, problem-solving abilities, continuous learning, and industry readiness to adapt to the changing AI landscape. More than 60, 5th semester students of CSE department have attended and benefitted from this event.
